Federal Reserve Board Email comments

Dear Email comments,

Stop all unfair fees. Consumers after paying their minimum payment should be able to direct their additional funds to higher interest balances. No hiking interest on existing balances. No interest after the balance has been paid. No late fees if payment gets there on the due date regardless of what time during the day. Also if it gets there the day after the payment was in the mail. Stop all unfair fees..

Sincerely,

Mr. HECTOR RODRIGUEZ
