Dear Email comments,

The whole of the "credit industry" in this country should be ashamed of themselves and their greed! They, along with our politicians, media and even ordinary citizens, have lost their moral compass. You take advantage of desperate people who cannot afford to have credit cards and you hand them out like candy anyway, get them hooked and then make it nearly impossible for them to get off the

credit merry-go-round. You're no better than the corner drug dealer or mob loan shark. I'm so glad that my husband & I paid off all of our credit cards and will never be in their "debt" again!

Sincerely,

Mrs. Cindy Wells
