Subject: Regulation AA

Jul 25, 2008

Dear Email comments,

We are sick and tired of being at the mercy of credit card banks whose main offices are in states with loose regulations at best, and who can jerk the public around financially on their whim. Please show the public you care by enacting some regulation upon credit card companies.

Sincerely,

Ms. Cindy Mericle-Tow
Bowie, MD 20716-1471
