Dear Email comments,

I applied for credit card consolidation, bec. I want to retire in 6 yrs and I want to pay my credit cards in 5 yr time. I think I was misled bec. I paid a one time fee and now they are charging \$50.00 per mo. fee on top of my monthly due of \$923.00. I'm so hard up this time bec. I lost my other job., how I can I pull out my account w/o getting penalty. Also my credit was messed up bec. I have late fees during the transitions, please advise me what to do.

Thank you very much,

.

Sincerely,

Ms. Evalour Domingo
