Subject: Regulation AA

Federal Reserve Board Docket No. R-1314

Dear Federal Reserve Board Docket No. R-1314,

We can regulate everything else, Taxes, water, electricity, gas now when are they going to start regulating these enormous and outrageous credit card rates. This has gone too far with the scams of these wealthy rich companies. People can barely pay for these high rates. But another thing, why penalize those who pay their bills, we get the same treatment as those who don't. That ridiculous.

Enough is enough. Help those by regulating the with (R-1314) today. Let's get back to the days when fair was fair. Is that history now!

Sincerely, Ms. Abdul-Wahid.

I appreciate the opportunity to file comments in support of Regulation AA - Unfair or Deceptive Acts or Practices [R-1314], the recent proposal to curb unfair and deceptive credit card and overdraft practices. I support the credit card aspects of the rule, while also suggesting that protection is needed against additional unfair credit card practices beyond those covered in this proposed rule. I believe that stronger protection against unfair practices in bank overdraft programs is also needed.

Sincerely,
Aisha Abdul-Wahid
