Due to the largest check,(item) being paid n" First" has cost me dearly!

I would have preferred my Rent,Tax or any other check be returned and it would have been cheaper than paying multiple \$30.00 plus charges for small items like ATM \$1.50 fees and coffee purchases of less than \$5.00 running up a \$500.00 overdraft fee charge.

Bank of America in 2007 hit me with so many charges I could not afford to purchase me diabetes medicine and pay other bills. I feel these charges are "Greedy" and "Highway Robbery"!

If the large checks were returned , the most you would be charged is (1) overdraft fee from your bank and (1) return item fee

From the presenter.(Rent,Tax,etc).

Thank you,
