Comments:

Banks must make us Opt In

I had someone fraudulently access my account, making an overdraft of several hundred dollars. I had no idea I had an overdraft and didn't want one.

It seems I have no choice. Please make the bank ASK ME if I want the service SO I CAN REJECT IT.

Also - if I don't have the money on my debit card, Just Say No. I won't spend it and will investigate what the problem is.
