Regarding Amenedment to Regulation Z I have been a mortgage professional for almost 27 years. My company has, and continues to provide a very valuable service to homeowners and homebuyers. There is so much more work involved in the processing of a mortgage loan than ever before. It seems quite unfair that the harder that we have to work, the more we become subject to regulations designed to decrease our ability to make a living. I believe that I am speaking on behalf of all members of the Mortgage Industry. PLEASE allow us to make a fair fee for our services.Citizens of the United States will surely be at a disadvantage if Mortgage Brokers were forced to close their doors. Thank you.
