State: FL

Country: UNITED STATES

Zip: 33716

PostalCode:

Comments:

It is about time a measure came up the would put constraints on banks that are already unfairly using ATMs as a means of collecting its largest fee (overdrafts)by consumers who don"t always understand that the bank will change the order in time processed if it will result in a more than one overdraft. It is idiotic what they are allowed to do. Please someone take the consumer into account.
