Comments:

I am so tired of the brokers being seen as the "bad people". We are not the ones that approve the loan programs or the borrowers. Some how we keep getting the bad end of the deal! Without ysp we cannot survive! How will there be competition? I thought we lived in a democracy? Maybe if the feds were watching certain Wall Street companies more closely, we wouldnt be having this conversation. Dont blame the working people for mishaps of big brother.
