Another great way for the government to get involved into the BUSINESS side of US citizens, in the name of protection, and cause more harm than good. On the face of the bill, it sounds all hunky-dory, but by design, it will put many brokers out of business that do not do what the ruling says it is for. Government! Please go back to protecting the country borders ONLY! You spending so much time sticking your noses where it doesn't belong, you can't do what you were designed to do.
