Subject: Reg Z - Truth in Lending

Comments:

This new proposal to limit compensation is frivolous and places mortgage brokers/bankers at a severe competitive disadvantage as compared to banks, correspondent banks and credit unions in the mortgage market.

When is this going to stop? Is government going to continue to go deeper in which to control/mandate pay for all professions including doctors? Insurance agents? attorneys? CEO's, etc....We are becoming a society that is migrating towards socialism in which the government is controlling all aspects of our lives.

If you wish to ask me any questions please call.

Thank you.
