Good affordable credit is essential to the health of our nation's neighborhoods. Financial institutions must be held accountable to participate in the real economy by offering quality loans and community investments. Thank you for initiating the process of updating the Community Reinvestment Act.

The past decade has shown how devastating high-cost, predatory credit can be to our nation. Toxic credit that was targeted to low-income and communities of color caused pushed our entire economy to the brink of collapse and has left in its wake devastation in the form of rampant unemployment, faltering state and local budgets miles of foreclosures and abandoned buildings.

[BofA foreclosed my sister's house in Las Vegas that she was paying mortgages \$ on for 30 yrs because she lost her job when the banks and wall st. RAPED the world economy and WE bailed them out and they in turn SCREWED us EVEN MORE!!If YOU don't do SOMETHING ABOUT IT SOON; YOU are guilty of TREASON to the US citizens and SHOULD be tried and convicted and duly punished for YOUR CRIMES OF NEGLIGENCE and collaberation along with the Bankers and CEO's.Nationalize the banks for a start,and charge the GUILTY with the crimes they have committed.They have destroyed the NATIONAL SECURITY,put them in PRISON and FINE them like ANY OTHER CRIMINALS! I also lost my job and have been UNEMPLOYED FOR over _____] YEARS make them invest what they STOLE back in America.]
It is imperative that the banks, many of them the very ones who caused this crisis, repair the damage and continue to do good business in our communities. An updated and modernized Community Reinvestment Act can help.

We need:

- * Real Accountability and Fairness for Banks. Banks like Bank of America and Wells Fargo that took down our economy should not receive outstanding ratings. Banks should no longer be allowed to pick which of their areas they are graded on or which parts of their companies get looked at.
- * Banks must get failing grades if they discriminate by offering toxic loans, less credit, worse credit or inadequate services to African-American and Latino communities.
- * Strengthen the requirements for banks to work with us. If they are not

doing their jobs, we will be the first to know. We need to be able to challenge the banks directly to meet our credit needs.

Sincerely,
