Banks like Bank of America and Wells Fargo that took down our economy should not receive "outstanding" ratings-- this makes a joke of the whole industry and proves it's just about plunder. Why isn't this obvious? Banks should no longer be allowed to pick which parts of the country they are graded on or pick which parts of their company get counted! They must be graded on the whole, and in terms of their entire operations and effect. Banks must get failing grades if they discriminate by offering toxic loans, less credit, worse credit or inadequate services to African-American and Latino communities. Failing banks should be closed and disbanded, once and for all! There is no such thing as 'too big to fail'. Failed is FAILED. (And often should mean JAILED!)
