Comments:

Banks like Bank of America and Wells Fargo that took down our economy should not receive "outstanding" ratings. They continue to sit on Government bailout money like a bunch of "Welfare Daddies"! Once more, they actively lobby for weak financial regulations so that they can continue their Wall Street Casino operations. They clearly expect to be bailed out by tax payers again and escape again with multi-million dollar golden parachutes. Banks should no longer be allowed to pick which parts of the country they are graded on or pick which parts of their company get counted! Banks must get failing grades if discriminate by offering toxic loans, less credit, worse credit or inadequate services to African-American and Latino communities.
