Please help us. We are working to turn Lake Tahoe into a sustainable tourist destination (<http://sustaintahoe.wordpress.com>) and have gone through all the required hoops to be legitimate. We are hard working, public minded people that hold hope for the future and respect for our past. Our operations are based out of our home. We live a very modest lifestyle and look to the government for only the basic support it should provide. The ability for us to continue this program stems from our ability to stay in the area. Please help us continue by protecting our rights. Thank You Jacquie Chandler & David Colley
