Now we know the banking industry owns the Federal government of this nation. Shame on you for elimating homeowners who have been defrauded by these banks. Read the Constitution. This is supposed to be a government of, by and for the people not the banking industry. The day will come when the American people will wake up and do whatever is necessary to take their nation back. You have been entrusted to protect this country, its people and not the banking multinationals at the expense of the people. These are indeed dark days. This represents the deconstruction of the nation. This tells the people what their government really thinks of them, how their own country values them: As worker bees, as consumers and soldiers. I am no longer proud to be an American.
