Comments:

This proposal continues the current assault on all that regular people won in the years between WWII and the election of 1980. If a person is not "rich", which increasingly means anything over having a few months pay in the bank, they could never meet the requirements of this proposal. I continually am amazed at the country I used to be proud to be a part of, the change in our commitment to justice and fairness is stark and frankly quite scary. Please do not enact this change.
