Please stop this behavior. Our country is dire need of help for the middleclass. The banks do not need your help. They have caused this financial crisis. If you follow through on this absurd change you will be helping the banks to take us further down the abyss. Please think about what you are doing and don't make this change. Please help to return us to prosperity by helping the middleclass and do not further erode their rights by this absurd rule change to TILA. Please I beg you to think what you are doing to our country by helping banks. I want more regulation of the banks not less.
