My husband with last name, AMEH was contacted by loan brokers during peak of housing drama in 2006 and soon he signed for predatory mortgage loan. It has been nightmare trying to keep rental house and the house we live. We end up filing bankruptcy and lost rental home with all the equity and now we have been trying to work with loan servicer and bank of America for last two years with no results. Needless to mention this but who are the board members of Federal Reserve which one of it is CEO of Chase bank. They now want to what ? It is insane, this country is ruined with loan sharks and they head the direction of this once was great nation. It is shame. Do you hear roar of angry people ??
