I see no reason to further punish LO's like myself who have perservered through the last 3 years of this economy. We have dealt with regulation, compliance and have changed lifestyles in order to ride the storm out becuae it's OUR profession. That has meant changing jobs, losing our homes and seeing our income disaappear. WHY now take our YSP and give it to to the people we've had to share with? We deserve what comes when this all shakes out.  
AMERICA.....remember!
