\* Banks like Bank of America and Wells Fargo that took down our economy should not receive "outstanding" ratings. \* Banks should no longer be allowed to pick which parts of the country they are graded on or pick which parts of their company get counted! \* Banks must get failing grades if discriminate by offering toxic loans, less credit, worse credit or inadequate services to African-American and Latino communities Banks get all kinds of special subsidies that aren't available to you and me--they should have to give back to the communities they are in.
