Comment: Our country is going in the wrong direction

We must prevent:

Banks getting bigger, making investment in derivatives, charging excessive fees to consumers.

Reduce the income gap. CEO's should not get millions by exporting jobs overseas. Their pays should be 10 to 15 times the lowest paid worker, not 40 to 50 times. CEO's should be rewarded only on the numbers of jobs they create and how much they improve the wages of the bottom 25%. Instead they are rewarded on how much labor they reduce. Any fool can do that.
