The new hvcc law took my career away that I worked so hard for and for 25 fricken years!! I am certified and have never been sanctioned or called on for any reason for bad appraisals! It's pretty pathetic that a few bad losers get to determine my career fate! I had great and long relations with the clients I worked my off for and then it gets handed to an amc and to top it off they get half of my fee! WTF !! Pretty sick. And all the mortgage brokers and loan agents who gave homeowners bad loans and fraud didn't even get their hand slapped. Pretty sick that this is the only licensed profession where some du mb ass can take your job away and livelihood away from you! Why do the good guys have to take the fall for the bad guys? I hope their is change soon and hope the loan agents and brokers and bankers can share some of the same burden we have had to accept! Just a bunch of bs!
