The government has no business regulating the price of anything! What happened to America? Let free markets work! If merchants don't like the cost of something - take cash or checks. I'm sick of the government putting their noes where is doesn't belong. Are you going to tell a 7-11 store owner how much to charge for a bottle of water? If you are going to cap debit card charges then cap some of the expenses debit card companies have too!!!!
