PayPal would be also subject to the debit fee cap. Because Paypal fee is 30 cents plus a percentage of the purchase price, which ranges from 1.9% to 2.9%. It does not matter whether the purchase is paid with a debit card - PayPal's rates remain the same. Paypal increased transaction fee since last year. Paypal debit seller fee from seller bank account. Ebay also force all Ebay seller and buyer use their paypal (payment) system (monopoly). So new debit card fee rule should let all buyer and seller happy. Save up to 70% fee. Paypal should subject the new rule.
