WHAT? Have you boys nothing better to do than violate the Constitution of the United States of America? NO other state in history has even dared to imagine the financial success engendered by our constitution. And nobody has done more to damage America's prosperity than you impecunious, thieving, domestic enemies. You are not qualified to draw a taxpayer funded paycheck/retirement. If you were this country would not be facing this ridiculously unnecessary depression. If you're too lazy to examine history, economics and human nature, fine. Just follow the Constitution and you will wildly succeed, escape being traitors, and we the people can quit looking for ways to throw you in prison. History alone will teach you how to fulfil the sacred trust for which you are responsible. Marxism was ok for us when we were 18 and had no power. Now we're all grown up. It's time to be adults. Disgustedly, John A. Moore, Jr.
