Dodd-Frank bill is not necessary because the SAFE ACT protects the consumer from abusive lending practices creating a conflict of interest. Further, my parents who are in their mid-70's own their home free and clear and should one of them become ill and need to down-size, they should have the FREEDOM to do what they will with their home because they paid for it fair and square with hard work and paying all their taxes. This is America!!! Please give my parents their FREEDOM in this decision. Thank you.
