Let's be honest. You want all the money all the time. You want all the control over money. This obsession will lead to anacharcy and the bloody collapse of your efforts. People came first then they appointed Constitutional Representatives. We have none of those left, but we have you violating America for profit. What don't you allow the people to audit and dictate policy to you, instead of the other way around??? We see and know who is in charge of the destruction of the Republic.
