Name: Albert E Gibbons  
Affiliation: Investors Resource Center

Comments:

If this passes it will limit the economy from rebounding .1 by holding up family from entering into lease /purchase and help owners sell there property's .2 release the equity in the form of income stream to sellers.3. assist in what the banks are not choosing to do, 4. creating a limit to the number of seller financed trans action to 3 in 1 year. For those that are fueling the economy with work and using the areas of construction to rehab, it is limiting the expansion of those that are spending and increase the work force to stop it by this regulation, I urge congress / the senate / and those in the decision making process to not let this bill pass.
