

Proposal: 1410 (7100-AD69) - Incentive-Based Compensation Arrangements

Description: Joint notice proposing rules to implement section 956 of the Dodd-Frank Act. The proposed rule would require the reporting of incentive-based compensation arrangements by a covered financial institution and prohibit incentive-based compensation arrangements at a covered financial institution that provide excessive compensation or that could expose the institution to inappropriate risks that could lead to material financial loss.

Comments:

Everyone in the USA has suffered from the economic collapse of 2008.

The Federal Reserve System should become a truly independent system with no links to the political structure.

Adequate and constant oversight of businesses is necessary to prevent false business practices. CEOs should receive compensation that is in ratio to honest business practices.
