The Bank Fee for a bounced check is outrageous \$ 36.00 for a \$ 15.00 dollar check. We must put a stop to it immediately or the USA will never recoup from the depression it is in do to the REPUBLICANS that put us in this position the USA is in now. The banks make billions and the middle class keep bailing them out. Keep voting REPUBLICAN AMERICA ! see where it got us so far in the last fifty years.
