Comments:

I, as a small town business, have to pay out \$600.00 a month for customers that want to use plastic. It hurts my store very bad. I make .04 cents per gallon on gas and the average purchase is \$10 to \$15 dollars. I loose money when a customer uses a card. I had to go up inside (.89 cents to 99 cents for a candy bar(example))cause customers want to use a debit/credit card. Im tired of loosing money cause people cant carry a little cash in their pocket. I hope this act helps us small business owners stay in business.
