Subject: Incentive-Based Compensation

---

Comments:

I'm a senior who depends on my investments for my retirement, health insurance, and for my Daughter's college tuition. Therefore, I would like Wall Street and banking to be strictly regulated. You've used my hard-earned income for decades, it's time for you to be completely honest, fight all corruption, and be patriotic. Put the needs of your nation first.

Thank you for considering my comment,
