Hello,

As a longtime Federal Reserve member bank, we are very concerned on the potential adverse impact of the Basel III capital requirements on scores of community banks such as ours. Taking a one size fits all approach would be counterproductive to supporting community bank's efforts to help strengthen our economies and crucial small business lending programs. We strongly request and urge you to extend the comment period a minimum of 90 days so that a thorough analysis of all perspectives may be achieved. Thank you.

Best Regards,

Greg Hohl
