When are you people going to do what is right by your country? You destroy everything thousands of people fought and died for? How dare you counterfeit money for thieves, but NOT for suffering AMERICANS, Oh and for your WARS for PROFIT, prisons for PROFIT when we live in a FREE society?? Americans have the right and duty to ABOLISH " THEIR" government if it refuses to adhere to the will of the people! Perhaps you should get OUT of OUR offices and buildings and let your real bosses pay for your offices? American true and through!
