

From: Tim White  
Proposal: 1432 (RIN 7100 AD 82) Reg. V V - Proprietary Trading and Certain Interests In, and Relationships  
Subject: Volcker Rule -- Prohibitions and Restrictions on Proprietary Trading and Certain Interests In, and R

---

Comments:

Now is the time to enact a sturdy Volcker Rule.  
When enforced, it will secure one of the moderate system fixes the public is clamoring for to stop the big banks from crashing the economy again:  
Banning federal subsidies to bankers gambling taxpayer money in high-stake risks.  
I'm one who judges that's a good idea.  
Sincerely,

Tim White
