Proposal: 1432 (RIN 7100 AD 82) Reg. V V - Proprietary Trading and Certain Interests In, and Relationships
Subject: Volcker Rule -- Prohibitions and Restrictions on Proprietary Trading and Certain Interests In, and R

Comments:

It's time to put the regulations back in the banking system that were in place after the Crash of '29.

It is obvious they can't govern themselves as they are too greedy. Do not bend or we will be in the same place in a matter of time. To do otherwise is irresponsible.

Thank you,

Chris Wrinn
