Proposal: 1432 (RIN 7100 AD 82) Reg. V V - Proprietary Trading and Certain Interests In, and Relationships

Subject: Volcker Rule -- Prohibitions and Restrictions on Proprietary Trading and Certain Interests In, and R

---

Comments:

Please pass the strongest version of the Volcker rule that you can! Without loopholes. The financial crisis has been a disaster and we all want banks to be regulated as closely and carefully as possible. This is one way to prevent the deepening inequality in American life right now.

Thank you,
