Proposal: 1479 (RIN 7100-AE10) Regulation: Physical Commodities-FHCs (ANPR)
Subject: Physical Commodities-FHCs

Comments:

The banks are clearly manipulating the market in a way that harms the entire country. If it isn't clearly illegal, it should be. This is a democracy, which does not mean freedom to cheat and pillage if you are able. Do the right thing and reign in this dangerous and disgusting malfeasance by a few bad actors, or it will catch on and all commodities will become the gambling chips and playthings of the very rich, with dire consequences yet unimagined.

Thank you for considering my comment,
