Proposal: 1479 (RIN 7100-AE10) Regulation: Physical Commodities-FHCs (ANPR)
Subject: Physical Commodities-FHCs

Comments:

Considering the role that the world of U.S. finance played in the near-collapse of the economy just a few years ago, continuing to allow them to trade commodities in the same short-term profit-obsessed manner sounds horrible. If there is a chance that this sector of economic trading will be taken from them, then I thank you for even considering it.
