Proposal: 1479 (RIN 7100-AE10) Regulation: Physical Commodities-FHCs (ANPR)  
Subject: Physical Commodities-FHCs

Comments:

I am writing to urge opposition to bank ownership of commodities.

Letting financial institutions speculate on food, fuel, and other goods people rely on distorts the market for those goods, manipulating prices in an already tough economy. Such speculation exposes our financial system to unnecessary and reckless risks.

I encourage the Board of the Federal Reserve to forbid financial institutions from buying up food, fuel and other materials that have nothing to do with banking.

Thank you for your consideration,

Lori V
