Your comment: These crooks have been caught manipulating every single market they've been allowed to participate in, to the detriment of the consumer. While I whole-heartedly support free markets, it's time to revert to the savings and loan model for 'banks', as that's what 'bank's', are. Investment companies wishing to do business on Wall-Street and in the future's and commodities markets have no business co-mingling w/ Ma and Pa's nest-egg. It's like learning not to shit where you eat. Some folks pick it up at a young age. Perhaps your parents forgot that lesson?
