Comment: At the current time, the call report is 85 pages long. Many of the schedules are long and then also have memorandum sections for additional information or explanations. The individuals at our bank who complete the call report spend many hours running reports and entering the data. This takes them away from their regular positions, whether it be the bank auditor, Human Resource individual or whatever it may be. It would be helpful if some of the schedules could be shortened or done away with or maybe just completed by the much larger banks. Thank you
