Your comment: Proposal: FFIEC 031, 041, 051 Call Reports FR Doc: 2016-19268 Comment: While I was excited to hear that there was going to be changes to the Call Report which would lessen the burden of reporting, I was extremely disappointed when I saw the actual changes! Other than changing the frequency of a few Yes or No questions and RC-F & RC-G, the changes in no way help our Bank. I would imagine that other banks our size feel the same way. The data items and schedules that have been eliminated were all schedules that we did not fill out to begin with. I'm sure that this effort was quite time consuming in itself, but it in no way will alleviate any of our current reporting burden.
