

From: Microsoft Corporation, Aaron Kleiner  
Proposal: 1550 (RIN 7100--AE-61) (Ver 1)- Enhanced Cyber Risk Management Standards  
Subject: Enhanced Cyber Risk Management Standards

---

Comments:

To Whom It May Concern:

On behalf of Microsoft Corporation, we respectfully request an extension of time to prepare our comments in response to the recently published Enhanced Cyber Risk Management Standards. Pursuant to this request, Microsoft would submit our comments on or before Friday, February 17, 2017.

This request stems from our heightened engagement in regulatory response activity during the past several weeks, including the recent FFIEC symposium on cloud computing and state-level regulatory initiatives, as well as the recent holiday season. Microsoft greatly appreciates the opportunity to comment on the proposed standards and would utilize the additional time to further develop and refine our comments to the agencies.

Thank you for your consideration of this request and we look forward to your reply. Please do not hesitate to contact me directly if you have any questions.

Sincerely,  
Aaron Kleiner
