Proposal: 1639 (7100-AF30) Real Estate Appraisals

Subject: R-1639 - Real Estate Appraisals

Comments:

NONCONFIDENTIAL // EXTERNAL

Have we not learned from our mistakes? If the threshold is lowered we will be putting thousands of buyers, lenders and institutions at risk. You will also be helping to completely destroy the appraisal industry. When appraisers are needed for the appraisal outside of the threshold, there just won't be any appraisers left to perform those tasks because there just will not be enough work to make a decent living as a real estate appraiser. Please do not lower the threshold at a time our country and real estate market is finally appearing stable.

Sincerely,
Bryan Knowlton
