Your comment: Coastal Community Bank is strongly in support of Same Day ACH and other forms of faster payments. We support the expansion of Same Day ACH, and the benefits provided for all businesses and consumers that use the ACH network. We appreciate the Federal Reserve Board of Governors for issuing its proposal OP-1664 to extend the settlement services to support Same Day ACH enhancements with later settlement hours. We agree that these changes will better position community FI's for ongoing needed improvements to the payments system. Coastal Community Bank is a West Coast Community FI and feel the addition of a third window will be especially valuable to our customer base and help us remain competitive in the ever increasing request for speed in the settlement of transactions. Thank you for the opportunity to comment on this very important topic.
