Proposal: 1670 - Federal Reserve Actions to Support Interbank Settlement of Faster Payments

Subject: Federal Reserve Actions to Support Interbank Settlement of Faster Payments

Comments:

NONCONFIDENTIAL // EXTERNAL

As a small community bank, it is extremely important that we have the same opportunity as large FI's do in the payment world.

We all should be on a level playing field and would need the FEDNOW service available as soon as possible and delivered to our customers in a safe, secure and real time settlement system.

We would encourage the Fed to work directly with the U.S. Faster Payments Council, Core Providers and other organizations to identify and remove barriers to implementation.

Thank you,

Darla Jacobson
