Postal (if outside the U.S.):

Your comment: You create inflation, then propose a rule to apply draconian measures to the little peoples money by reducing the travel rule requirement from \$3000 to \$250. If anything it should be moving the opposite direction to deal with inflation. Why do you get to log and track every red cent of the working class while Goldman Sachs and the big banks can launder trillions? Your time is coming up. Bitcoin is free speech and protected under the 1st Amendment!
